Sign-In: Font Color, Username label, forgot password font Style inconsistent (Forgot Password) & Button Size.

Physical Device	Figma Design
 The physical device mockup shows a mobile phone screen with a status bar at the top displaying the time 11:00, signal strength, Wi-Fi, and battery icons. The main content area has a white background. At the top, the text 'Sign in' is displayed in a large, bold, black font. Below it, the label 'Email/Phone No*' is followed by a text input field containing 'sarmadrehan91@gmail.com'. Underneath is a password input field with masked dots. To the right of the password field is a link 'Forgot Password?'. A large yellow button with the text 'Sign In' is centered below the inputs. Below the button is a horizontal line with the text 'OR' in the center. Underneath the line is a light orange button with the text 'Continue as guest'. At the bottom, the text 'Don't have an account?' is followed by a blue link 'Sign up'.	 The Figma design mockup shows a mobile phone screen with a status bar at the top displaying the time 07:47 PM, signal strength, Wi-Fi, and battery icons. The main content area has a white background. At the top, the text 'Sign In' is displayed in a large, bold, black font. Below it, the label 'Phone No*' is followed by a text input field containing '+966 1234 5678'. Underneath is a password input field with masked asterisks. To the right of the password field is a link 'Forgot Password?'. Below the inputs is a 'User Type*' section with two radio buttons: 'Shop Owner' (selected) and 'Salesman'. A large yellow button with the text 'Sign In' is centered below the inputs. Below the button is a horizontal line with the text 'OR' in the center. Underneath the line is a light orange button with the text 'Continue as guest'. At the bottom, the text 'Don't have an account?' is followed by a blue link 'Register'.

2- Functionality Issues

→ City Screen

- ◆ After selecting the language and then tapping the back icon on the city screen getting a blank black screen

→ Registration Screen

- ◆ In Full Name getting a valid text check although the text is valid, Not able to Register

→ OTP Verification Screen (Not able to Test this)

- ◆ The continue & Resend Button is not working on the verification screen

→ Home Screen

- ◆ The Shop By Category Button not working
- ◆ The Add Product Button did not work on second time, if the product is added then removed, and then again try to add the same product then the button does not work.
- ◆ Missing Product Form: Description should not be mandatory
- ◆ Duplicate Top Banner (I have added another top banner in the DB now that banner is only being displayed multiple times)
- ◆ A 0.0% discount banner is showing, if the discount is 0 the banner should be hidden.
- ◆ Navigation from Home to Account is not Smooth
- ◆ The Navigating back to home from other screens is taking more time in bottom nav bar.

→ Category -> SubCategory

- ◆ By tapping the favorite icon (wishlist), getting toast with msg "Already in the wishlist" and the wishlist Icon for All Products changed to filled heart
- ◆ The add Product Button not working (Navigating to the Product page)
- ◆ Filter & Sort Buttons not working

→ Product Detail Screen

- ◆ If a product is added to the wishlist the icon is being changed, if I go back and revisit the same product the icon is changed back to unfilled.
- ◆ The Add to Cart button in Similar Items is not working.

→ **My Cart**

- ◆ Added Product is not Clickable can't visit the product.
- ◆ By Tapping the Delivery At text it navigates to Sign in screen (It happens on both with logged user & without logged in)
- ◆ By Tapping the Apply coupon button multiple times it sends the hit to the API multiple times if should be disabled until the response of the first hit is received.

→ **Checkout**

- ◆ If the Address is not selected and I tap the continue button no error is thrown.
- ◆ When an Order is placed the image is hardcoded (Not Fixed in v-1.3)
- ◆ If the Delivery Date & Time are not selected I'm able to place the order.

→ **WishList**

- ◆ By Tapping the Delete wishlist button multiple times it sends the hit to the API multiple times if should be disabled until the response of the first hit is received.

→ **My Orders**

- ◆ By Tapping the Cancel button multiple times it sends the hit to the API multiple times if should be disabled until the response of the first hit is received.
- ◆ Cancel Order Status not working, canceled order still in progress
- ◆ Pending Status not present

→ **Forgot Password**

- ◆ By Tapping recover password getting the toast of OTP time, OTP flow is missing in the forgot password

→ **Order Details**

- ◆ By Tapping the Cacel order button multiple times it sends the hit to the API multiple times if should be disabled until the response of the first hit is received.
- ◆ Delivery Charges incorrect

→ **Account**

- ◆ My Address not working

→ **Change Password**

- ◆ By Tapping the Update Password button multiple times it sends the hit to the API multiple times if should be disabled until the response of the first hit is received.

→ **Edit Profile**

- ◆ The update functionality not working, I have tried to update the name but not worked.

→ **Sign In**

- ◆ No back navigation is available to the Home Screen

→ **Register**

- ◆ On the Registration screen, the 'Sales Person' option should not be selected by default (Not fixed in v-1.3)
