Change Password: Design of forgot password used on the change password button

The image displays a side-by-side comparison of a mobile application interface, specifically a 'Forgot Password' screen. The left side shows a physical device mockup, and the right side shows a Figma design.

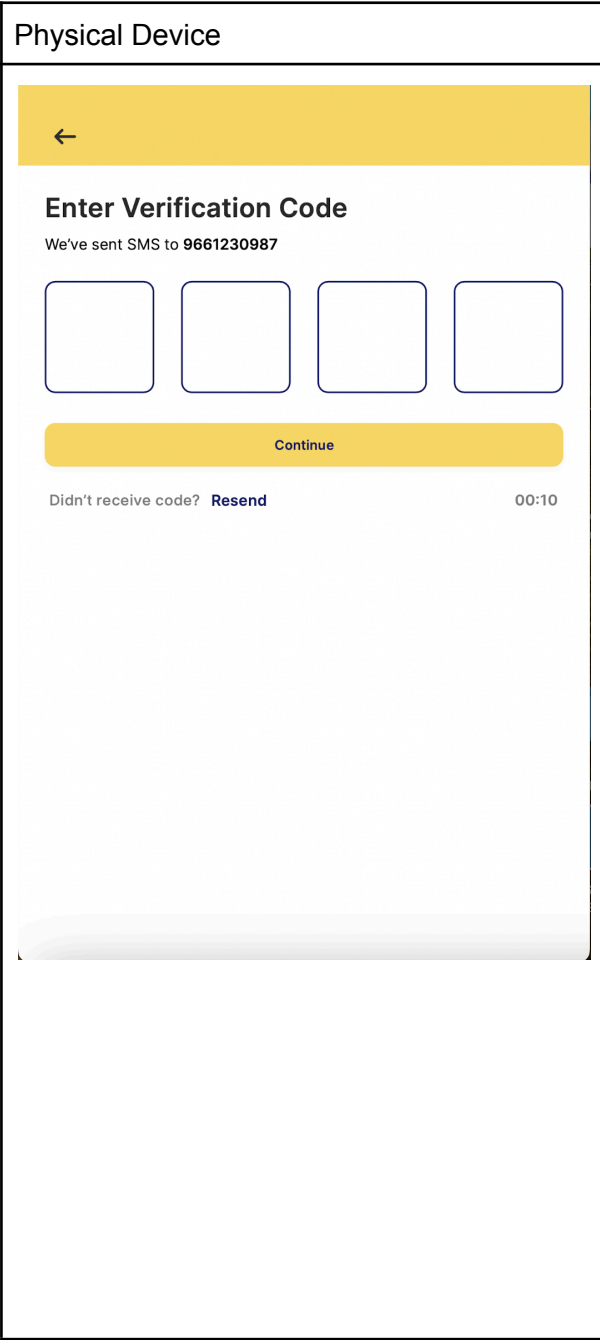

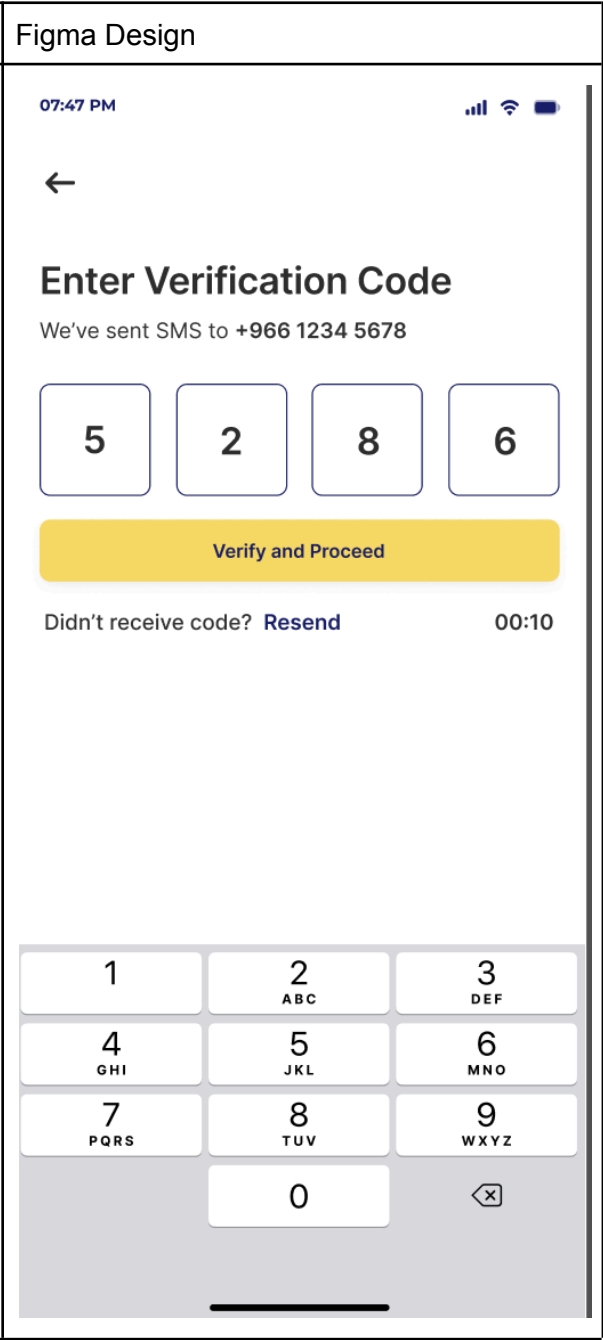

Physical Device:

- Back arrow icon.
- Forgot Password**
- Enter your phone no associated with your account.
- Phone number input field: +1 0000-0000.
- Recover Password** button.

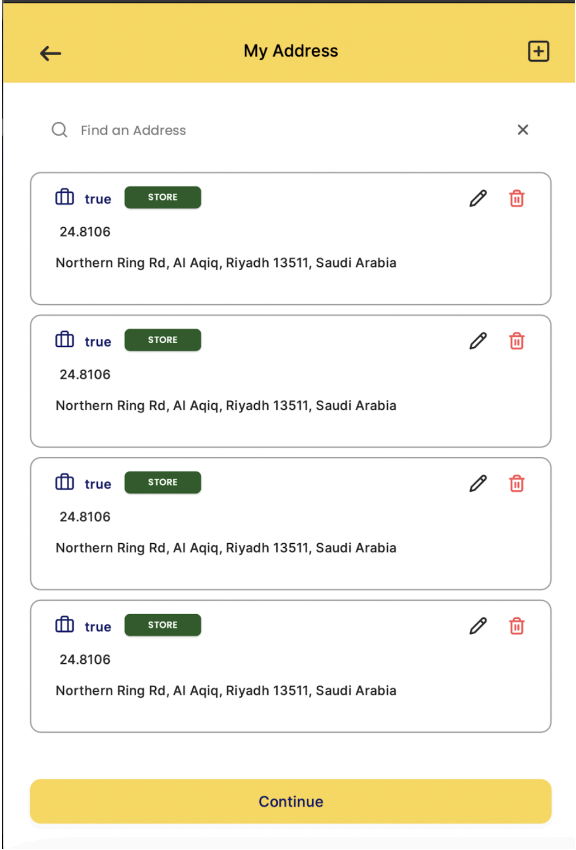

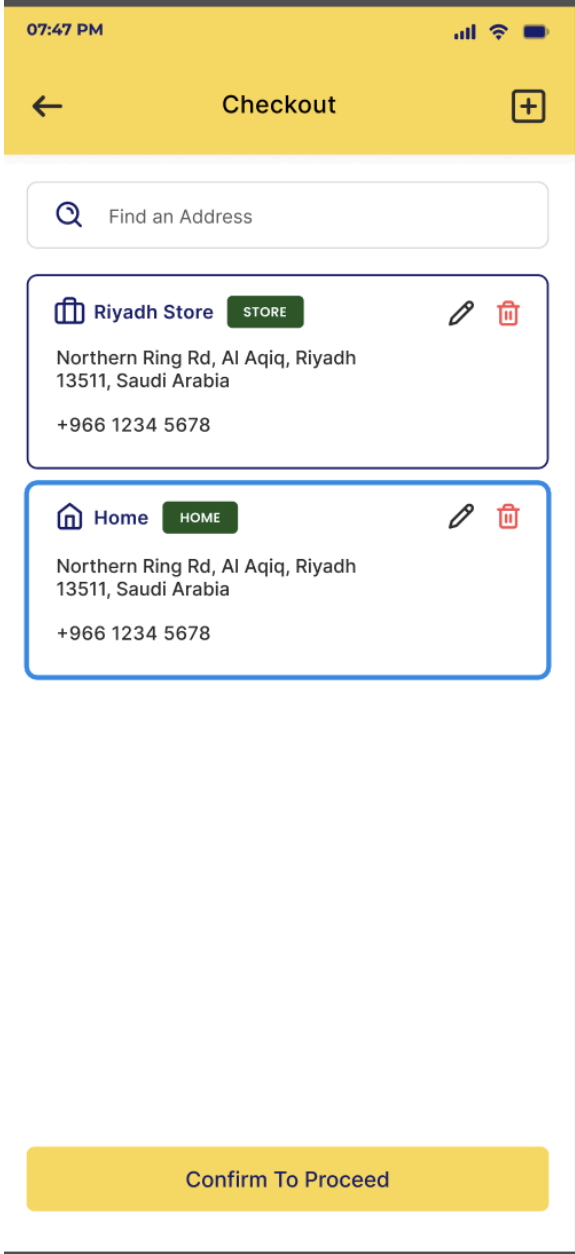

Figma Design:

- 07:47 PM (Time)
- Signal, Wi-Fi, and Battery icons.
- Back arrow icon.
- Enter New Password**
- Your new password must be different from previously used password
- Password***
- Create a password input field with a visibility toggle icon.
- Confirm Password***
- Create a password input field with a visibility toggle icon.
- Update Password** button.

OTP Screen: Status Bar Color In-consistent & Hardcoded timer.

Physical Device	Figma Design
 The physical device screenshot shows the OTP screen with a yellow header bar containing a back arrow. The title 'Enter Verification Code' is displayed, followed by the text 'We've sent SMS to 9661230987'. Below this are four empty input boxes. A yellow 'Continue' button is positioned below the input boxes. At the bottom, there is a link 'Didn't receive code? Resend' and a timer '00:10'.	 The Figma design shows the OTP screen with a status bar at the top displaying '07:47 PM' and signal icons. The title 'Enter Verification Code' is displayed, followed by the text 'We've sent SMS to +966 1234 5678'. Below this are four input boxes containing the digits '5', '2', '8', and '6'. A yellow 'Verify and Proceed' button is positioned below the input boxes. At the bottom, there is a link 'Didn't receive code? Resend' and a timer '00:10'. A numeric keypad is visible at the bottom of the screen.

Checkout Screen: The Page title, Address name, & Button text is incorrect.

2- Functionality Issues

→ OTP Verification Screen

- ◆ The continue & Resend Button is not working on the verification screen

→ Home Screen

- ◆ The Shop By Category Button not working
- ◆ The add Product Button not working (Navigating to the Product page)
- ◆ Missing Product Form not working
- ◆ The scroll has some lag
- ◆ Duplicate Top Banner
- ◆ A 0.0% discount banner is showing, if the discount is 0 the banner should be hidden.

→ Category -> SubCategory

- ◆ By tapping the favorite icon (wishlist), getting toast with msg "Already in the wishlist" and the wishlist Icon for All Products changed to filled heart
- ◆ The add Product Button not working (Navigating to the Product page)
- ◆ Filter & Sort Buttons not working

→ Product Detail Screen

- ◆ If a product is added to the wishlist the icon is being changed, if I go back and revisit the same product the icon is changed back to unfilled.
- ◆ Similar Items are not clickable/tappable

→ My Cart

- ◆ Added Product is not editable can't increase the quantity, also can't visit the product.
- ◆ By Tapping the Delivery At text it navigates to Sign in screen
- ◆ By Tapping the Apply coupon button multiple times it sends the hit to the API multiple times if should be disabled until the response of the first hit is received.
- ◆ By tapping the back button App Crash

→ Checkout

- ◆ If the Address is not selected and I tap the continue button no error is thrown.
- ◆ When an Order is placed the image is hardcoded.

→ WishList

- ◆ The back button is not working.

→ **My Orders**

- ◆ The back button is not working
- ◆ Cancel Order Button not working.
- ◆ By Tapping the Apply coupon button multiple times it sends the hit to the API multiple times if should be disabled until the response of the first hit is received.
- ◆ Cancel Order Status not working, canceled order still in progress
- ◆ Pending Status not present

→ **Forgot Password**

- ◆ By Tapping recover password getting the toast of OTP is incorrect, OTP flow is missing in the forgot password

→ **Order Details**

- ◆ By Tapping the Cacel order button multiple times it sends the hit to the API multiple times if should be disabled until the response of the first hit is received.
- ◆ Discount not being Applied
